Cemetery Perpetual Care Funds

Balance Jan. 1, 1934,	4,026.51	
Interest Received,	131.59	
	<hr/>	4,158.10
Expended for Care of Lots,	136.64	
Balance Dec. 31, 1934,	<hr/>	4,021.46
Total, Trust Accounts,		\$6,428.18
Deposits in Savings Banks,		\$6,428.18

The accounts of the Town Treasurer are correct and I find on file the necessary orders of the Selectmen for money paid. The Tax Collector's accounts have been examined, and unpaid taxes listed

have been checked by mailing notices to all delinquents.

The sum of One Thousand Dollars was received from the Estate of Edwin H. Allen to be held in trust, the interest only to be used in the care of the Berkley Common Cemetery.

The school appropriation payments have been itemized instead of being put in as a lump sum as in the past in order that details of this large expenditure might be made more plain.

Various appropriation accounts have again been overdrawn, and it is recommended that the various departments authorizing expenditures exercise more care in keeping within their appropriations.

Difficulty was experienced in reconciling the amounts of taxes turned over to the Town Treasurer as recorded on the books of the Treasurer and Collector, and it is recommended that greater care be taken in keeping these records straight.

I hereby certify that the information contained in this report is complete and correct, to the best of my knowledge and belief.

FRANCIS F. G. ANDREWS,
Town Auditor.

Abatements,	79.69	
	<hr/>	16,150.73
Uncollected Jan. 1, 1935,		\$12,733.21

To the Taxpayers of the Town of Berkley:

In order that you may understand these figures more fully, I'd like to explain one thing in regard to the uncollected taxes of nineteen thirty one and two. The figures show a total of four hundred and sixty-six dollars and forty-two cents as uncollected, Jan. 1, 1935, which of course was right on that date when the books were closed. Since then, however, between collections and abatements these figures have changed considerably, in fact so much so that there can be no dependability placed upon them as assets. It perhaps would be well to bear this in mind when you make your appropriations for the ensuing year at the annual Town Meeting. One other thing to bear in mind—Real Estate and personal property owners must have their nineteen thirty-three taxes paid before they receive their nineteen thirty-five tax bills, which will probably be sent out this year by the first of June. Failure to do this will necessitate another sale which, I think, none of us want to look forward to.

Respectfully submitted,

WENDELL D. CONANT,

Tax Collector.

MARRIAGES REGISTERED IN BERKLEY, 1934

April 21. Joseph L. Dias of Taunton and Irene P. Frizado of Berkley. Married by E. Sousa de Mello, R. C. Priest of Taunton.

April 28. Anthony J. Andrews of Taunton and Eugenia B. Pina of Taunton. Married by Charles R. Query, Minister of the Gospel of Berkley.

ANNUAL REPORT

OF THE

School Committee

OF THE

TOWN OF
BERKLEY

YEAR ENDING DECEMBER 31, 1934

SCHOOL COMMITTEE

	Term Expires
Harry J. Gaffney, Chairman, Berkley, Massachusetts,	1936
Arthur E. Robbins, Berkley, Massachusetts,	1935
Stephen Dow, Myricks, Massachusetts,	1937

Superintendent

Norman D. Bailey

Residence: 76 Spring Street, North Dighton.

Office: Grammar School Building, North Dighton,
Telephone: Taunton 1146.

Office Hours: District Office, North Dighton,
8-9 A. M. on school days and by appointment.
Office open: 8-5, week days; 9-12, Saturdays.

Secretary

Elizabeth G. Larsen

School Physician

Charles A. Briggs, M. D.

School Nurse

Ruth Deane, R. N.

REPORT OF THE SCHOOL COMMITTEE

The School Committee recommends that the Town appropriate the sum of \$24,040.00 for school expenses for 1935.

General Control,	\$1,050.00
Teachers' Salaries,	7,155.00
Books and Supplies,	610.00
Janitor Service,	960.00
Fuel,	700.00
Miscellaneous Operation,	150.00
Repairs,	150.00
Transportation,	6,250.00
Tuition,	6,480.00
Health,	515.00
Miscellaneous,	20.00
	<hr/>
	\$24,040.00

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Berkley School Committee:

Gentlemen:

A year of epoch-making changes in social, civic and political life has come to a close. These changes of necessity have a very real influence upon the educational program of every community which is alert to its responsibilities. In the following report I have attempted to show something of the influence of these changing situations upon our own schools.

A year of positive attempts to stage an economic come-back finds us still face to face with the financial problems, which bring the schools close to the taxpayer. For towns such as Berkley to whom each dollar saved is of vital import the matter of State or Federal aid for education means much. An endeavor to show the possibilities of saving through increased State aid is also included in the report.

I—THE FEDERAL GOVERNMENT AND EDUCATION.

Among the outcomes of the movement for Federal Relief for the various financial problems of the depression, three of the agencies created have definitely affected education. The Civil Works Administration and its successor, the Emergency Relief Administration, have made available funds for outstanding improvements in school property. The Public Works Administration has made possible new construction. The Federal Emergency Relief Administration for Education has provided work for unemployed teachers and opened up educational programs for pre-school children and adults. The effect of

these agencies in the schools of Berkley is shown in the paragraphs below:

(a) C W A and E R A.

Under the C W A and E R A the following projects have been completed:

1. Painting of exterior of Berkley and Myricks schools.

2. Painting of interior of three classrooms and windows at Berkley and Myricks schools. Installation of new ceiling at Myricks School.

3. Installation of modern toilet and water facilities at Berkley School, including completion of the basement of the building, new water system, etc.

4. Clearing of land for playground purposes at Myricks.

5. Grading school yard at Berkley.

These projects gave employment to 45 men for a total of 6,892 hours and involved an expenditure of \$7,367.47 from Federal Funds.

One can readily see that if the above expenditure had been made from local funds the burden would have been serious.

From the standpoint of improved educational facilities the changes in the Berkley School are important enough to call for special mention. The effect upon the morale of the boys and girls has been very noticeable.

(b) The Federal Emergency Relief Administration for Education:

Through this form of relief funds were made available for classes for adults and children under school age. Under the regulations set up none of

the money may be expended for work with children of school age. Approval of teachers is vested in the State Emergency Relief Administration in Boston. Classes have been organized in Berkley for adults in business subjects and while attendance has not been as great as could be desired some good has certainly resulted.

(c) Public Works Administration:

At the present writing a report has been received that additional funds are to become available for Public Works Administration projects. With this information in mind a meeting of the School Committee, Finance Committee and Board of Selectmen was held January 13, 1935, at which the advisability of applying for a P W A loan and a grant on a 50 % grant basis for an addition to the Berkley School was discussed. The present overcrowded condition of the school which makes it necessary to house over forty children in the Town Hall was taken up and after consideration of the whole problem it was voted to file an application for a grant of \$8,000.00 and a loan of a like amount subject to ratification at a Town meeting. In accordance with the vote an application has been prepared and filed with the Government for consideration. This application cannot be finally approved until it has been ratified by the voters of the town.

II—THE STATE AND THE SCHOOLS.

In Berkley a considerable share of the cost of local education is borne by the State. The net cost to the town for the last five years is shown below:

Total Expenditures:

1930	1931	1932	1933	1934
\$21,744.28	\$22,575.00	\$21,691.71	\$21,559.97	\$22,900.77

Reimbursements:

1930	1931	1932	1933	1934
12,006.09	13,085.69	13,062.70	13,081.02	13,701.02

Net Cost to Berkley:

1930	1931	1932	1933	1934
\$8,738.19	\$9,489.31	\$8,629.01	\$8,478.95	\$9,199.75

The decrease in net cost in 1932 may be attributed to salary cuts, and the increase in 1935 is due to the decrease in reimbursement from High School tuition. This latter item deserves special consideration for in spite of an increased expenditure of \$1,250.00 the reimbursement was \$110.39 less and hence counterbalanced a saving of \$418.81 on other items in addition to the \$720.80 increase in net cost.

A second figure of interest is the comparative costs for education per pupil in elementary schools and high schools. Over the latter figure we have no control. We are compelled to pay whatever tuition the cities may decide to charge, whereas we are reimbursed for only one-half the actual cost to the city for the education provided. For the year ending December 31, 1933, Berkley's cost of education per pupil for the schools in the town was \$78.12. Berkley stood 110th in a list of 125 towns making up Group IV. This group includes all towns under 5,000 population which do not maintain their own high school. The average cost for the group was \$98.31 per pupil, and for the entire State, \$87.09.

For elementary education alone exclusive of administration the cost per pupil for the school year 1933-1934 was \$50.04. This was 114th in the same list of 125 towns and is to be compared with an average for Group IV of \$70.95 and with an average for the entire State of \$71.02.

III—OUR HIGH SCHOOL PROBLEM.

One of the major items in the mounting budget of the town is the cost of high school education. The fact that this has increased is known to most residents, but the amounts of the increase are hardly realized.

	Tuition Charges	Reimbursement	Net Cost
1928	\$3,381.70	\$2,394.97	\$ 986.73
1930	4,744.60	2,613.50	2,131.10
1932	4,822.10	2,855.52	1,966.58
1934	4,993.20	2,424.42	2,568.78

Berkley receives back from the State three-fourths of the actual cost to the city where pupils are sent for high school education. In the case of Taunton for the last school year we received \$56.25 per pupil reimbursement against a charge of \$125.00 by the City of Taunton.

Dighton is at present constructing a building to house its high school pupils. This building will be modern in every respect with equipment for science, household arts, and shop work. The proposal made by the Town of Dighton is to admit pupils from Berkley at not over 5% above cost. The saving to be made by transfer of pupils is shown below:

Cost in Taunton:

Tuition, 55 pupils @ \$125.00,	\$6,875.00
Reimbursement, $\frac{3}{4} \times 55 \times \75.00 ,	3,093.75

Net Cost to Town,	\$3,781.25
-------------------	------------

Cost in Dighton:

Tuition, 55 pupils @ \$100.00,	\$5,500.00
Reimbursement, $\frac{3}{4} \times 55 \times \100.00 ,	4,125.00

Net Cost to Town,	\$1,375.00
-------------------	------------

Thus the saving per year is \$2,406.25 but only \$1,375.00 can show in the budget as the rest will appear in increased reimbursements. These figures are based on the school year.

The educational value of such a change has been supported by recommendation of the State Department of Education which is quoted as follows: "We are of the opinion that with a well-staffed school the Dighton High School might provide more individual attention than can be given in Taunton, and furnish more training to a larger proportion of the pupils in the extra-curriculum activities than is possible for them to secure at Taunton. It is our opinion also that because of the plentiful supply of well-prepared teachers at the present time, it would not be difficult to secure a competent teaching staff for a new high school."

The Superintendent would point out that the value from personal contact and individual participation in school activities will be worth while for the boys and girls. A well-trained staff of teachers will be in charge of the work of the school. The school will carry on a complete program of extra-curricular activities in addition to the regular class work.

V.—CONCLUSION.

The resignation of Myra D. Anthony as a member of the School Committee on April 1, 1934, after nine years of service was a real loss to the schools of the town. The schools have been fortunate to have returned to the committee Stephen A. Dow who had previously served and was thus acquainted with the problems which face the schools.

It is important that in a town such as Berkley those intrusted with the educational program should have not only the confidence of the people, but the interest of the children at heart. No one who has met your committee as frequently as the Superintendent could fail to realize that this is indeed true of Berkley.

Our teaching staff, qualified not only in training, but in experience, should be a source of pride to the town. The fact that for a third year we have no change in the staff is worthy of note.

Respectfully submitted,

NORMAN D. BAILEY,

Superintendent of Schools.

REPORT OF SUPERVISOR OF MUSIC.

Mr. Norman D. Bailey,
Superintendent of Schools,
Berkley, Massachusetts.

Dear Sir:

I herewith submit my annual report as Supervisor of Music in the public schools of Berkley. With one or two exceptions the work has gone fairly well. In one case of these exceptions more time is needed and closer supervision. There is a lack of understanding, application, and concentration. It is the routine work that needs stimulating.

In the upper grades at Berkley Common where the pupils do creditable work, some time has occasionally been spent in listening lessons. These lessons in music appreciation cannot be carried on as often as desired since the supervisor is at the school but once in two weeks. Thus, one period spent in the appreciation of music would mean but one regular lesson a month, which is not enough. Yet the response to the listening lesson is enthusiastic and revealing. It shows to the pupils what a wonderful world there is to discover, and it discloses to the supervisor the great field of musical information that should belong to the child.

Practically no opportunity for supplementary work in music exists in Myricks. A fifteen minute period once in two weeks gives no time for this. Some new song books in this school would greatly stimulate the class lesson. The present books have been used for so many years, that with five grades in the room the singing material is too often repeated and consequently interest is not so keen.

•

Last May a Stephen Foster program was given in observance of Music Week. Songs in one, two, and three parts were sung. There was also a boys' chorus. Papers on the life of Foster and the character and appeal of his music were read.

There is a fine musical spirit throughout the classes and a desire to know more. The value of music and its appreciation should be stressed at all times. It is vital to everyday living. To make music and to enjoy music is a source from which one may draw happiness. We do not seek to make professional musicians in our schools but rather music lovers and appreciative listeners. Music makes for cleaner living. It does not nourish the seeds of can discharge the great and central mission of all education, which is to raise the level of human quality". Music develops the three C's: Culture, Character, and Citizenship.

Respectfully yours,

LOIS J. SNOW.

ANNUAL REPORT OF THE SCHOOL NURSE AND SCHOOL PHYSICIAN

Mr. Norman D. Bailey,
Superintendent of Schools,
Berkley, Massachusetts.

Dear Sir:

We hereby submit the annual report of the School Physician and the School Nurse for the Town of Berkley.

The annual pre-school clinic was held in June at which time ten pupils attended. These pupils were given a physical examination by Dr. Briggs, the School Physician, and notices of physical defects found were sent home to the parents.

At the Music and Health night observed in Berkley a demonstration of a physical examination, as all school pupils receive annually, was given by Dr. Briggs.

No Toxin-Anti-toxin clinic was held in town this year. It is to be hoped that funds will be furnished for a clinic during the ensuing year. These clinics are of such great importance to the welfare of every person in town.

Two school pupils attended the summer Health Camp in Attleboro and returned from their four weeks' stay in a greatly improved condition. The money used to support the children while in camp is raised through the sale of Christmas seals.

We wish to thank the Parent-Teacher Association for furnishing glasses to two pupils whose parents were unable to provide the much-needed glasses.

Owing to the illness of our School Physician, Dr. Briggs, the annual physical examinations have been delayed.

We wish to extend great credit to the teachers for the splendid health programs carried on by them. The splendid cooperation given by the parents and teachers is greatly appreciated.

Respectfully submitted,

CHARLES A. BRIGGS,
School Physician.

RUTH A. DEANE, R. N.,
School Nurse.
